

# First Grade Tiger Cub Tales

October 1, 2007

## Language Arts/Social Studies:

This week we are studying economics as we identify goods and services in the home, school, and the community. Our vocabulary will include wants, needs, rural, city, suburb. The students will get to design a community and create a poster or brochure to advertise this community to future residents!

## Spelling:

Our rule this week: When a vowel comes between two consonants in a one syllable word it makes the indian sound. Look for spelling homework this week. It will be due on Friday.

## Math:

Graphing will be our topic of study this week. Students will create bar graphs and pictographs as part of this study. Each first grade class will be interviewing the other students in other grade levels to see what the favorite lunch choice is school wide. We will post our findings in the hall for all to enjoy!

## Science:

We will begin a unit of study that works on observing, collecting and recording information, describing changes in size, mass, color, position, quantity, sound, and movement. The students enjoy using the inquiry method of learning to find out more about the things they observe.

## Dates to Remember:

October 10: State Fair Field Trip

October 25: Falling into Reading Night

October 26: Citizen of the Month  
@1:30

October 29<sup>th</sup> week: Red Ribbon Week

October 31: Report cards

## State Fair of Texas Trip

Remember to send in your permission slips today if you have not done so! We still need parents to come on the trip with us... The more the merrier! Parents who are joining us will be getting an information packet as we get closer to the 10<sup>th</sup>!
