

THIRD GRADE NEWS

Week of Oct. 22-26

Reading: This week we will look for elements of fantasy and reality in a story and continue to work with story elements. The weather is changing, and it would be a great week to cuddle up and read a book with your child.

Grammar/Writing: We will continue to write each day and focus our attention on present tense verbs in grammar.

Spelling: We will discuss the long I spelling pattern and continue to review high frequency words.

Math: We started addition with regrouping using base ten blocks last week. We will continue this week with the same concept without the use of base ten blocks. We will be reviewing past concepts and completing benchmark one this Friday.

Science: This week we will be working with mass.

Social Studies: We will continue to compare and contrast communities in our reading and discuss historical people who displayed courage.

Dates to Remember:

***October 23-25 CogAT**
