

# **CREDIT BY EXAMINATION, GRADES 6 - 12**

The designations "A and B" refer to the semester. "A" is a first semester exam; "B" is a second semester exam. Please specify "A or B" on the registration form, e.g., a student requesting the first semester Algebra 1 exam would list "Algebra 1A". The designation "full year" indicates the student will take one exam to receive credit for both semesters.

**Each exam is timed and must be taken in one continuous session. Students will complete the exams at their own individual pace. The maximum time allowed to complete each exam cannot exceed 3 hours.**
