

# Action Plan

Strategy Number: 7  
Plan Number: 5  
Date: January 4, 2011

**STRATEGY:** We will ensure all facilities are progressively equipped and designed to support the GCISD mission and strategic objectives.

**SPECIFIC RESULT:** GCISD will adopt industry recognized best practices for new construction, maintenance, and renovation of its facilities so as to provide a learning environment that is resource efficient (i.e. water, energy, and material, etc.), healthy, comfortable, safe, secure, adaptable and easy to operate and maintain.

#	<b>ACTION STEP</b> (Number each one)	Assigned to:	Starting Date:	Due Date:	Completed Date:
1	Review the principles of programs such as the Collaborative for High Performance Schools (CHPS) or the US Green Council's LEED certification.				
2	Develop and adopt the principles of best practices programs in a fiscally responsible manner. <ul style="list-style-type: none"> <li>• Rainwater collection (flushing toilets, irrigation)</li> <li>• Renewable energy sources (i.e. solar, wind)</li> <li>• Water well for irrigation</li> </ul>				
3	Create an implementation plan.				
4	Provide training about the program and its implementation for staff.				
5	Implement the principles into the facilities department per the Plan.				
6	Appropriate funds for conversion of and maintenance for created and renovated areas.				
7	Establish possible Bond proposal to fund projects.				
8	Investigate use of public/private venture partnerships and capital venture programs (i.e. manpower, capital, and equipment) to support GCISD curriculum and facilities.				
9	Investigate and determine the best method(s) for enhanced controlled access of GCISD facilities.				
10	Evaluate camera needs to determine placement for coverage of facilities.				
11	Evaluate technology for student and staff access to appropriate areas.				

**Responsible:**
